Re: Abandonment of Water CPCN for Sussex Parcel

On September 6, 2005, the Delaware Public Service Commission issued Order No. 6719 authorizing 05-CPCN-18 (Indian River, Phase II), a certificate of public convenience and necessity ("CPCN") relating to water service several parcels located in Sussex County. The agents from one of the parcels (identified as parcel number 2-34-23.00-269.08) have expressed a desire for Artesian Water Company ("AWC") to abandon the indicated parcel from AWC's approved CPCN.

The identified parcel, located at the northwest juncture of routes 5 and 24, contains a commercial establishment that receives water service via a well. AWC does not supply water service to this parcel; the nearest water main stands at a distance of approximately 7 miles away from the parcel. The parcel is, however, surrounded by other parcels that receive water service from Tidewater Utilities, Inc. The requested abandonment will enable agents that control the parcel to investigate opportunities for obtaining service from Tidewater. The requested abandonment provides a more cost effective means of providing water service to the indicated parcel.

AWC respectfully requests that the Commission grant any and all regulatory approvals necessary to effectuate the abandonment of the parcel identified 2-34-23.00-269.08 to enable affordable water utility service to be extended to the parcel.

Please feel free to contact David Valcarengi at (302) 453-6995 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'David B. Spacht'.
